

# Colloquium

**Speaker:** **Manajit Hayer-Hartl**

Max-Planck Institute of Biochemistry  
Department of Biochemistry  
Martinsried, Germany

**Topic:** **Molecular chaperone machineries for  
the biogenesis of RuBisCO: The most  
abundant protein**

**Date:** 4 p.m. | Thursday | July 23, 2015

**Place:** ZMBH, Seminar room 001, ground floor  
Im Neuenheimer Feld 282

**Host:** **Gislene Pereira**  
[g.pereira@dkfz-heidelberg.de](mailto:g.pereira@dkfz-heidelberg.de) Tel: 06221-423447

Additional support by the Graduate Program of the ZMBH
