

Minisymposium

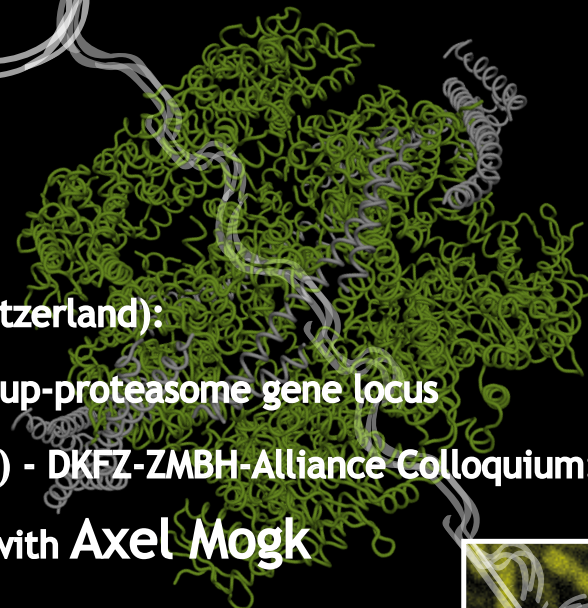

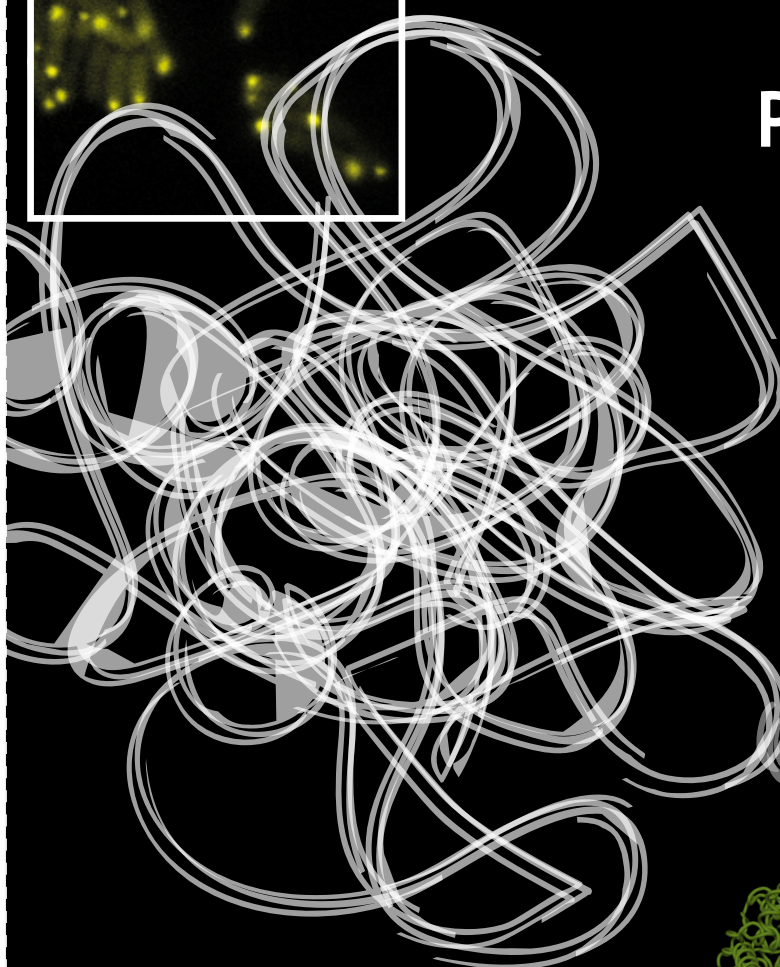

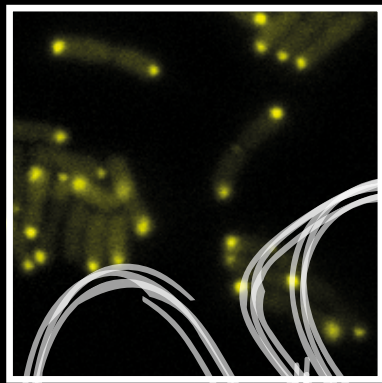

2018

Protein Quality Control
in Bacteria

March 22, 2018

3 pm

Place: INF 282, ZMBH,
Seminar room 001,
ground floor

3.00 pm - Eilika Weber-Ban (Zürich, Switzerland):

Mycobacterial stress response and the Pup-proteasome gene locus

3.45 pm - Marta Carroni (Solna, Sweden) - DKFZ-ZMBH-Alliance Colloquium:

Structural insight into AAA⁺ unfoldases with Axel Mogk

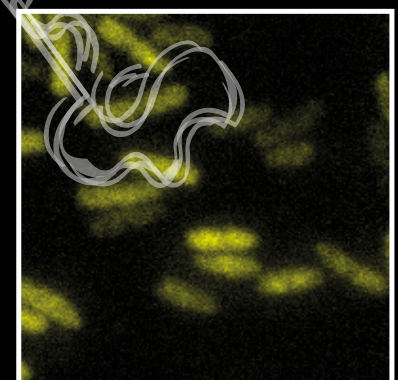

4.30 pm - COFFEE BREAK

5.00 pm - Pierre Genevax (Toulouse, France):

Poisons, antidotes, chaperones and the art of turning 50

5.45 pm - Kursad Turgay (Hannover, Germany):

Protein homeostasis and heat shock response in *B. subtilis* cells

sponsored by
SFB 1036

The Minisymposium is in honor of Axel Mogk's 50th birthday.
We look forward to welcoming you there.
