

DKFZ-ZMBH ALLIANCE INAUGURATION SYMPOSIUM

December 5th, 2008
9⁰⁰ - 18⁰⁰ at Deutsches Krebsforschungszentrum
Communication Center
Im Neuenheimer Feld 280, 69120 Heidelberg

09:00 – 09:30

WELCOME ADDRESSES

Otmar Wiestler, Chairman and Scientific Director of DKFZ
Bernhard Eitel, Rector of Heidelberg University
Bernd Bukau, Director of Zentrum für Molekulare Biologie

MOLECULAR BIOLOGY

Chair: Bernhard Dobberstein

09:30 – 10:15

ARI HELENIUS

Institut für Biochemie, Eidgenössische Technische Hochschule,
Zürich

Protein Folding and Quality Control

10:15 – 11:00

STEFAN JENTSCH

Max-Planck-Institut für Biochemie, München

A Molecular Swiss Army Knife Mediates Cytokinesis

11:00 – 11:30

---- Coffee Break ----

CELL BIOLOGY AND SIGNALLING

Chair: Oliver Gruss

11:30 – 12:15

CARL-HENDRIK HELDIN

Ludwig Institute for Cancer Research, Uppsala

Signaling via Receptors For PDGF and TGF- β - Possible Targets in Tumor Therapy

12:15 – 13:00

HAROLD L. MOSES

Vanderbilt-Ingram Cancer Center, Nashville TN

TGF- β Regulation of the Inflammatory Tumor Microenvironment

13:00 – 14:30

----- Lunch Break -----

EPIGENETIC REGULATION

Chair: Frank Lyko

14:30 – 15:15

THOMAS JENUWEIN

Max-Planck Institute for Immunobiology, Freiburg

Epigenetic Control by Histone Methylation

15:15 – 16:00

RENATO PARO

Department of Biosystems Science and Engineering, Basel

Chaperoning Epigenetic Regulation

16:00 – 16:30

---- Coffee Break ----

MOLECULAR AND CELL BIOLOGY OF TISSUES

Chair: Peter Angel

16:30 – 17:15

FIONA WATT

Cancer Research UK, Cambridge

Stem Cells in Skin Regeneration and Cancer

17:15 – 18:00

ERWIN F. WAGNER

Spanish National Cancer Research Centre, Madrid

AP-1 (Fos/jun) Transcription Factors in Health and Disease

18:00 – 18:15

CLOSING REMARKS

Zentrum für Molekulare Biologie
der Universität Heidelberg
