

SFB 1036 Minisymposium 2014 & end-of-year-party

Organized by: Günter Kramer, Matthias Mayer, Axel Mogk & Jutta Rami

December 11, 2014 at 2 pm

Supported by the DKFZ-ZMBH-Alliance Colloquium Series & the SFB 638

2.00 p.m. - Art Horwich (New Haven): All in the (chaperone) family

2.45 p.m. - Ulrich Hartl (Martinsried): Molecular chaperones in protein folding and proteostasis

3.30 p.m. - Coffee break

4.15 p.m. - Nenad Ban (Zurich): Beyond the prokaryotic ribosome: structural and functional insights into eukaryotic and mitochondrial ribosomes

5.00 p.m. - Peter Walter (San Francisco): The serendipitous path of discovery: From unfolded proteins to cognition

5.45 p.m. - greeting notes

6.00 p.m. - Champagne reception & party

Moderator: **Hermann Bujard**

Place: Seminar room 001 & entrance hall, ground floor, ZMBH

This year's minisymposium is in honor of our SFB 1036 speaker, Bernd Bukau's 60th birthday.

Following the reception, there will be the **end-of-year party in the ZMBH entrance hall!** We look forward to welcoming you there!
