

Seminar

DKFZ-ZMBH Alliance

Speakers:

Renate Voit (Molecular Biology of the Cell II/A030):

AMP-activated protein kinase adapts rDNA transcription to the cellular energy supply

Holger Bierhoff (Molecular Biology of the Cell II/A030):

Antisense transcripts regulate the epigenetic state of mammalian rRNA genes

Date **Wednesday, December 16, 2009**

Location **Hörsaal 1, KOZ, DKFZ**

Time **12:00 noon**
